Executive Summary

Salam Ali Hassan,

Thank you for choosing Scounts (Private) Limited. We are excited to present this complete proposal to help you set up and run your Single-Member LLC in Wyoming.

Setting up a US business as a non-US resident can feel confusing. Our goal is to make this process easy, safe, and 100% legal for you. We protect you from heavy legal problems and fines. For example, failing to file required forms with the US government on time can lead to a strict $25,000 penalty. We ensure your business meets every US law so you never face these risks.

From forming your company and getting your tax numbers to opening your business bank account, we handle everything step by step. This proposal shows the full plan, fees, timeline, and process for your new business.

Cool Facts About Wyoming

Scope of Services & Process

We follow a safe, clear process to build your business step by step:

Step 1: Data Protection & NDA

We sign a Non-Disclosure Agreement (NDA) to protect your personal details. We send a secure link or email to receive your documents safely. Please do not send sensitive personal identity documents over WhatsApp.

Step 2: LLC Formation & Unique Address

We check your business name availability and file your Articles of Organization with the Wyoming state government. We set up your Registered Agent service, set up mail forwarding, and provide your dedicated Unique US Business Address.

Step 3: Operating Agreement & BOIR

We draft your company Operating Agreement (the internal legal rulebook for your LLC). We also complete your Beneficial Ownership Information Report (BOIR) with the Financial Crimes Enforcement Network (FinCEN) to keep you compliant with US federal laws.

Step 4: EIN Registration

We apply for your Employer Identification Number (EIN) directly with the Internal Revenue Service (IRS). Because non-US residents do not have a Social Security Number (SSN), we use the official IRS fax submission method. We do not use shortcuts or fake EINs.

Step 5: Payoneer Bank Account Setup

Once your EIN arrives, we help you set up and verify your Payoneer business account so you can receive payments from global clients.
